Abhijith Krishnan

Software Developer | Full Stack Web Applications

Calgary, AB | +1 (368) 299-7147 | abhijithkrishnan14@gmail.com

github.com/Rectrix-21 | linkedin.com/in/rectrix | portfolio-site-nu-green.vercel.app

Summary

Software development graduate who independently built and deployed three portfolio projects, including a browser-based music toolkit, a multiplayer game, and a portfolio site. Hands-on with React, Next.js, TypeScript, Python APIs, and Supabase. Seeking junior software, full-stack, or AI application engineering roles.

Technical Skills

Languages: JavaScript, TypeScript, Python, SQL, HTML, CSS

Frameworks and platforms: React, Next.js, Tailwind CSS, FastAPI, Node.js, Supabase, Electron

Application development: REST APIs, authentication, file uploads, asynchronous processing, Stripe webhooks, Git/GitHub

Selected Personal Projects

KeyTone | Music production toolkit | keytonestudio.com | github.com/Rectrix-21/KeyTone

- Independently built a web application with Next.js, TypeScript, Tailwind CSS, Python/FastAPI, and Supabase for music analysis and creation workflows.
- Implemented audio upload and processing for BPM/key analysis, audio-to-MIDI conversion, chord suggestions, downloadable MIDI files, and analysis results.
- Integrated accounts, storage, usage credits, and Stripe subscription/webhook flows; designed asynchronous processing and credit refunds for failed conversions.

Marvelversed | Browser game | marvelversed.com | github.com/Rectrix-21/marvelverse

- Independently built a Marvel-themed web game with a character quiz and puzzle mode, each supporting single-player and multiplayer play.
- Created interactive front-end flows with React/Next.js and Tailwind CSS; connected character content to the Marvel API.

Portfolio Website | Project showcase | portfolio-site-nu-green.vercel.app | github.com/Rectrix-21/portfolio-site

- Designed and deployed a responsive Next.js/React portfolio with project demos and source-code links.

Professional Experience

Barista, Starbucks Coffee Co. | Calgary, AB | 2024–Present

- Prepared orders and served customers in a fast-paced environment while maintaining accuracy and quality during peak periods.
- Coordinated with teammates to keep service moving and resolve customer needs.

Education

Diploma in Software Development | Southern Alberta Institute of Technology (SAIT), Calgary | 2025
